Marquees to cover every occasion

A quality marquee adds an individual touch of elegance and distinction to any occasion.

Marquees give the ultimate flexibility in choice of location. They are an ideal extension to an existing venue, and in addition to gardens and parks, have graced many locations including ski resorts, lake fronts and mountain clearings.

A gracious setting for weddings, reunions and other celebrations, a marquee is equally suitable for a corporate environment – accommodating trade displays and business gatherings with ease (seating from 30 people to more than 4,000).

Continental Event Hire has marquees to suit every special event, large or small, formal or informal. We stock one of the more extensive selections in New Zealand designed and rigged for New Zealand conditions.

The options range from clip frame marquees (from 3m x 3m) and modern clearspans with no internal poles, to clear-walled structures and some of the country's largest silk-lined marquees and big tops (30m x 70m).

A selection of silk colours – white, champagne or black – further enhances theming and the general ambience. Black is also an excellent backdrop for AV presentations.

We deliver, erect and dismantle on site – all part of the Continental dedication to superior service.
